Dear Ms. Meymey Kim,

My name is Khy Phat, I am a student at PNC(Passerelles Numériques Cambodia). Seeking an IT job, I got the announcement from PNC ERO team that your company need IT Web Programming. I am so interested in applying for this position at your company. I am a person who likes to challenge myself with different kinds of environments.

I have learned some programming languages such as PHP, JavaScript, HTML, CSS, Bootstrap, Laravel, Node Js, and OOP. After finishing one subject I created one project about what I have studied from that subject also. Moreover, I could use my soft skills such as communication, responsiblity, teamwork, note-taking, time and task management.

Through my education and experience background, I believe that I have enough qualifications to fit with this position. For more information, please contact me by phone number or email address above. Thank you for your time and consideration. I am looking forward to hearing from you soon.

Best regards,

Khy Phat
